Information on REACH regarding registration

To whom it may concern,

We hereby confirm that all our products, manufactured by Marabu GmbH & Co KG in Tamm (Germany), comply with REACH Regulation (EC) No. 1907/2006, meaning that all chemical substances contained in our products (in the case of polymers, the relevant monomers):

- have been registered by our company and/or by our suppliers and/or,
- are not within the scope of the REACH Regulation and/or,
- are exempted from registration.

In order to fulfil our REACH obligations for our products we are in close contact with our suppliers to ensure that all raw materials used within the EU meet the requirements of the REACH Regulation.

The corresponding REACH registration numbers, if available, are listed in the EU safety data sheets in section 3. Please note that even with a compliant product, not every substance automatically has/gets a REACH registration number, as various exceptions are defined under REACH.

Kind regards,

i.A.
Dirk Friedrich
Senior Manager
Product Safety
